

# AUTOMATIC **TOUCHLESS** HAND SANITIZER DISPENSER & GUARANTEED **SANITIZER SUPPLY**

**A SMART EFFICIENT SOLUTION FOR A HEALTHY AND SAFE WORKPLACE**

- Floor Model or Wall mounted Touchless Dispenser
- **4** Bottle Refills of PROTECT PLUS (1000mL each with PUMP bonus)
  - **4** C Alkaline Batteries
  - **FREE DELIVERY & INSTALLATION**

SAM SANITIZER IS **GOVERNMENT APPROVED** WITH **NPN 80099224**

**Refillable 1,200 mL bottle  
holds gel sanitizer**  
Large 1200ml capacity  
for less refilling.

**Battery Operated,  
Automatic Touchless  
dispenser for gel hand sanitizer**  
Touchless design automatically  
senses hand and dispenses sanitizer.

**Fully Assembled dispenser  
delivered to your door**  
Floor model with strong  
metal stand allows usage  
in high traffic areas.

**Battery Operated**  
Requires 4 C alkaline batteries.  
Battery life lasts for 30,000  
pumps of sanitizer.

**Durable shell  
with drip tray**  
Resistant to spills, heat  
and impact. Drip tray prevents  
floor drip.

**Low Power Indicator**  
Dispenser has a light indicator  
for low power.

**Floor Model or  
Wall Mount Option**  
Floor model allows you  
to easily move dispenser  
elsewhere.

**Smart Sensor**  
Sensor detects issues between  
the bottle and dispenser, stops  
dispenser from working  
to avoid any leakage.

**Lockable with a window design**  
Allows you to check gel level at a glance.
